# Local experts

We are fjord locals and fjord heritage is our everyday life.

Our wedding suppliers are locals who themselves are part of the living cultural landscape. Such as a farmer come foodie guide and a farmer who offers the fjord's most stunning jetty wedding ceremony location.

Together, we offer truly unique and genuine fjord experiences with a blast of Norwegian heritage.

If unforgettable is what you desire, let's begin...

## CEREMONIES

---

We offer symbolic civil ceremonies and for legal marriages we will assist you in applying for an officiant.

Ceremonies can include:

- Official legal wedding with officiant
- Symbolic wedding with celebrant
- Retie the knot ceremony
- Repeat your vows in nature
- Anniversary vow renewal ceremony

# PLAN YOUR DREAM FJORD WEDDING

## THE PERFECT LOCATION FOR YOUR WEDDING

---

Aurland is one of the most beautiful places in Norway. We are surrounded by spectacular fjords and one of them even made it to the UNESCO World Heritage List for outstanding beauty and living heritage.

Aurland is the perfect location for your wedding because it is so easy to reach from Norway's two biggest cities Bergen and Oslo. All you do is jump on a train, rent a car or book our executive minivan airport transportation. Bergen is 2.5 hours and Oslo 4.5 hours away. The journey here is also very nice but the best is saved for your arrival in the fjords.

We offer customised all-inclusive wedding packages that save you time and money and make it so easy to get married in the fjords.

Have everything set up for you so you can enjoy every minute of your time in the fjords. We can provide everything from ceremony, wedding decoration, flowers, transport, accommodation, officiant, photographer & drone video to champagne celebration and evening dinner. You will need to apply yourself for an official for a legal marriage. We will guide you through this.

You can have your wedding reception outside under the stars in nature, or at one of the local historic dinner venues that will create outstanding celebrations for your event.

We specialise in intimate and unique and every detail is filled with rustic Norwegian heritage.

With the local suppliers, many things are possible here in Aurland from seaplane, Viking longship, horse & carriage, hiking adventures, glacier hikes & speed boat, to campfire lunch & evening dinner under the stars.

The area has lots of very nice accommodation options for all budgets which your guests will love. They will also really enjoy exploring the outstanding natural beauty in the area and we can set all that up for them.

For ceremonies you can choose amongst an outdoor fjord jetty venue, a garden wedding by a river, at a historic building or in wild nature.

## IDYLIC & STUNNING FJORD LOCATIONS

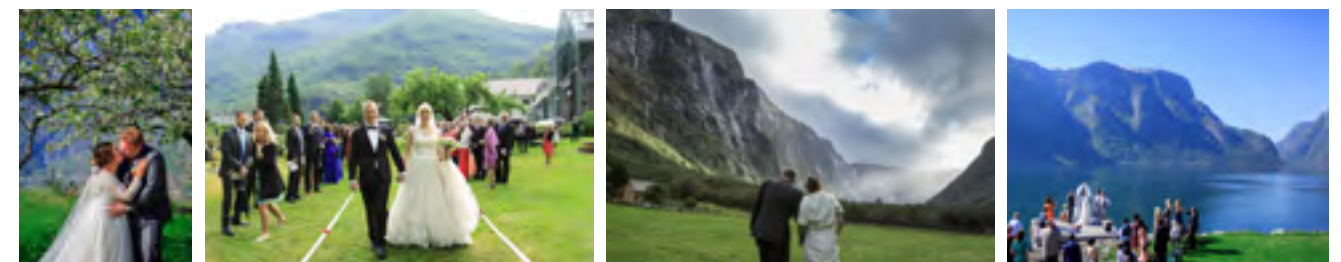

Our dreamy Norwegian fjord home is truly spectacular in every way. It has stunning natural beauty, wonderful living traditional culture & excellent environmental quality. National Geographic Traveller rated it 'the world's most unspoiled travel destination'.

When you book a wedding with us, we promise an unforgettable, spectacular and beautiful wedding. It is what we believe love stories should be all about.

We invite you to come and join us in the fjords, kick back, relax and truly enjoy the fjord way of life as you celebrate your love story...
